Information on the disposal for Waste Electrical & Electronic Equipment (WEEE) This symbol on the products and accompanying documents means that used electrical and electronic products should not be mixed with general household waste. For proper disposal for treatment, recovery and recycling, please take these products to designated collection points where they will be accepted on a free of charge basis. In some countries you may be able to return your products to your local retailer upon the purchase of a new product. Disposing of this product correctly will help you save valuable resources and prevent any possible effects on human health and the environment, which could otherwise arise from inappropriate waste handling. Please contact your local authority for further details of your nearest collection point for WEEE.

*Please note: Naipo can only provide after sale service for products purchased directly from Naipo.

If you have purchased from a different seller, please contact them directly for service or warranty issues.
